Container & Shipping Market Outlook

Management Trainee Program | 2022 - 2024

Ibnu Haidar | Logistic Supervisor

Placeholder deck - replace public/portfolio/container-shipping-outlook.pdf with your own slides (export PPT as PDF).

Background

- Container and shipping markets shifted quickly, affecting cost and capacity.
- Planning and KPI reviews needed a clear view of the outlook.

Approach

- Researched container and shipping market trends.
- Analysed the outlook and its impact on export logistics.
- Fed results into business analysis and KPI reporting.

Result

KPI

Business analysis & reporting

Good market insight helps operations plan ahead instead of reacting.
