Placeholder deck - replace public/portfolio/export-trucking-operations.pdf with your own slides (export PPT as PDF).

Background

- Export inland trucking for 2,000+ box containers every month.
- Breakbulk trucking of up to 3,000 MT per month.

Approach

- Daily monitoring of planned vs. actual dispatches.
- Exception-based management of late or at-risk trucks.
- SOPs, work instructions and one-point lessons for the team.
- Regular reporting on performance, trends and fulfilment.

Result

2,000+

Containers per month

Predictable operations come from clear standards plus data that tells the team where to look first.
