Placeholder deck - replace public/portfolio/transit-fee-avoidance.pdf with your own slides (export PPT as PDF).

Background

- Export containers were subject to an annual transit fee.
- The fee added cost without adding value to the shipment.

Approach

- Identified an external party whose cooperation could remove the fee.
- Established and formalised the collaboration.
- Monitored containers moving under the new arrangement.

Result

500+

Containers per year without transit fee

Some of the best savings come from relationships, not just from process changes.
